

## First Annual Fair Surpasses All Expectations

### Grand Forks Carries Off First Prize in the District Competition

As predicted by The Sun last week, the first annual fair held under the auspices of the Grand Forks Agricultural association proved an unqualified success from every viewpoint. The exhibits of fruits and vegetables have not been excelled anywhere, and the poultry show was a revelation to the people of the city and valley. The exhibits of minerals and smelter products were equal to those usually seen at city fairs, while the displays of ladies' needlework, children's work, photography and other lines of art demonstrated the claim frequently made that Grand Forks is essentially a city of homes, and that the major portion of the population are people of refinement and artistic taste. Not the least interesting part of the show was the racing program on the second day of the fair. It is no exaggeration to say that the races were the best and most keenly contested ever witnessed at the local track. From the visitors nothing but praise was heard regarding the excellent quality of the exhibits and the merit of the sports provided. These words of commendation did not come alone from strangers. The government officials delegated to take part in an official capacity in the fair were among the most enthusiastic. The opinion was unreservedly expressed that even the big apple shows in Vancouver and Spokane next month will not be able to show a finer collection of apples than were to be seen at the 1910 Grand Forks fair. The directors and officers of the fair deserve the thanks of the citizens for the able manner in which the enterprise was carried to a successful conclusion.

At 2 o'clock on Tuesday afternoon, after a selection had been rendered by the city band, the members of which, by the way, are entitled to all the encomiums showered upon them for the excellent services rendered during the two days' celebration, the fair was officially opened by Martin Burrell, M.P. for Yale Cariboo. Mr. Burrell, who was introduced to the audience by President H. C. Kerman, in a brief but appropriate speech, spoke in part as follows:

"Mr. President, Ladies and Gentlemen: In accepting the pleasant task of opening this, the first fair held in Grand Forks, permit me to congratulate you on the general excellence of the display. Such exhibitions serve two purposes—first, that of stimulating local activities and creating enthusiasm in the development of the particular district, and second, that of showing to the outside world the character of the products of the district. In both respects this fair has already justified its existence.

"A great change has come over this valley during the past ten years, and while we are still firm believers in the mineral resources of the district, it is a matter of rejoicing that horticulture and agriculture are daily receiving closer attention, and that every proof is at hand that this valley is one of the best in the whole province. It is gratifying to know that some of the men who were the

pioneers of horticulture in this district, men who, like Mr. Gilpin and Mr. Covsrt, had the courage and faith to plant orchards in those earlier days, are still living amongst us. It is only recently that we have begun to recognize the commercial importance of the fruit growing industry, and though many are embarking in it, there is no room for pessimism as regards the market and for a district which can produce such splendid fruit as is in this building today. In the past twenty years I have been a good deal connected with fruit exhibitions, and I say without hesitation that you might take Canada from end to end without finding better fruit, having regard to quality, color and uniformity, than is on the tables here.

"However, it is not only the fruit which deserves mention, but many other examples of local industries. This is essentially a community of homes, and it is only natural that the products of the home, such as fancy work, preserves, bread, etc., should be represented not only in quantity but quality. True, there is no exhibit of babies, but that may come. It is certain that we have lots of fine exhibits of that kind which might be shown, but I understand that one of the difficulties in holding a baby show is to find a man who has the necessary courage to act as judge.

"Let me thank the directors for according a fellow-townsmen the privilege of making these few remarks, and conclude by expressing the wish that you will thoroughly enjoy yourselves and by declaring this fair now open."

Mr. Burrell was accorded a hearty round of applause by the large crowd of spectators.

#### GOVERNMENT EXHIBIT.

The government exhibit, near the entrance of the building, attracted considerable attention. The department adopted this means as the best way of teaching the public improved methods in poultry raising. The exhibit consisted of properly fed and dressed poultry, which had been properly packed; also broilers, dressed ready for market. There were also a few eggs—selects, Nos. 1 and 2, white and brown shells, in proper fillers in cases. In addition, there was an exhibition different meshes which are used in feeding poultry. The whole exhibit was well illustrated by sketches, and showed properly balanced ration for laying hens, and included exhibits of grains and mashes for poultry raising. The dressed poultry was auctioned off at the close of the fair.

#### LOCAL INDUSTRIES.

One of the best exhibits under the head of "made in Grand Forks" was the display of a Mission parlor set, made by R. C. McCutcheon, the cabinet maker. The pieces of furniture combined beauty of finish and solidity to resist wear. The latter point was well illustrated by the fact that the chairs in set had been in constant use for over two years, and they are as solid today as the day they left his shop. Included in the set was a valuable souvenir. This was a jardiniere stand, made for A. D. Morrison from the first apple tree planted in the Kettle valley, which was packed to this city on horseback from Spokane by W. H. Covert twenty-five years ago. The surface of the wood was so highly polished that it felt as smooth

as glass. Mr. McCutcheon makes all kinds of a superior quality of Mission furniture at prices that discount the imported factory-made variety.

Another exhibit under the head of local industries that attracted a great deal of attention was the miniature building erected by Lutley & Galipeau, the concrete block manufacturers. This is an industry that has already been an important factor in giving the city a substantial appearance, and as the town grows it will doubtless become more in evidence. It is an enterprise capable of unlimited expansion, and on this account it should be encouraged. Up to the present time blocks have been turned out by this firm for four large buildings. This display was the source of much favorable comment, and every word was deserved.

The display of Frache Bros., of the Columbia greenhouses, was superb, and nothing but praise was heard for the magnificent collection of flowers and hothouse and field fruits and vegetables. The Columbia greenhouses are the largest in the province, and the exhibit made on this occasion was in line with the reputation which this firm has gained as being the most enterprising florists in the province.

W. H. Covert had moved his cider press from his orchard to the ground in front of the entrance to the exhibition building, and gave the people a demonstration of how the culls of an orchard can be converted into money.

#### EXHIBITS OF BUSINESS FIRMS.

H. E. Woodland & Co., druggists; Heron & Miller, furniture and hardware dealers, and A. S. McKim, grocer, had pretty booths in the main building. Their displays were in keeping with the reputation which these firms have gained for enterprise.

#### MINERAL EXHIBITS.

The display of ores from all the mining properties of the district was very complete. Splendid specimens were shown from the Granby mines at Phoenix, from all the Franklin camp properties, and from the Volcanic and Fife mines. The exhibit of blister copper from the Granby smelter was very good, and attracted much attention.

An exhibit that attracted considerable was a collection of relics from the Gettysburg battlefield, made by H. A. Sheads, whose father had gathered the curios from the historic battle-grounds.

### The Poultry Show

The poultry show proved an eye-opener to the people of the city and valley. There were 313 birds on exhibition, and the quality of the fowl was of such a high standard as to elicit words of warm praise from the government expert sent here as judge of the exhibit.

### The Fruit Exhibit

The display of fruit was the best ever seen in this section of the province. The quality was of such a high standard that a large number of the exhibits would have been prize winners had they been made at provincial fairs or national apple shows. Even the exhibits that failed to receive prizes were of such a meritorious nature that the people who have no cause to feel ashamed or humiliated. The judges were: For the plate class, C. S. Appleton; district and boxes, M. S. Middleton.

FRIDAY, OCTOBER 7, 1910

THE fair demonstrated that with proper co-operation the people of the Kettle valley can get up an exhibition that, for variety and quality of displays, cannot be surpassed in the province. The directors and officers of the enterprise did splendid work, and deserve the hearty thanks of the people of the community for the success attained. The gratifying result of the show just closed should prove an incentive to the promoters to hold another exhibition next fall, on a more pretentious scale, if possible.

[Owing to lack of space and a pressure of time, The Sun is compelled to defer the publication of the prize winners in several departments until its next issue.]

Shortly after 10 o'clock on Wednesday evening the directors, judges and officers of the fair assembled in the directors' room, the occasion being the presentation of a cane made from the first apple tree planted in

the Kettle valley to T. H. Edwards, who was sent out here from the agricultural department at Victoria as judge of the poultry show. The cane was the gift of the Grand Forks Poultry association, and the presentation address was made by Martin Burrell, M.P. Mr. Edwards, in expressing his thanks for the gift, emphasized the importance of the poultry industry. After three cheers and a tiger had been proposed and heartily given for the promoters, directors and officers of the first fair ever held in Grand Forks, the exhibition was declared "officially closed," although the sightseers lingered in the building until midnight.

The annual shoot of the Kettle River Rifle association will be held on Wednesday, the 12th inst. Prizes valued at \$325 will be shot for.

Robert Lawson, of this city, intends to exhibit a carload of apples at the National Apple Show in Vancouver next month.

James McArdle returned from Spokane on Monday.

**SEALED TENDERS** addressed to the undersigned, and endorsed "Tender for Examining Warehouse, Vancouver, B. C.," will be received at this office until 4.00 p.m., on Wednesday, October 26, 1910, for the construction of an Examining Warehouse, Vancouver, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Joseph Greenfield, resident architect, Winnipeg, Man., Mr. Wm. Henderson, resident architect, Victoria, B. C., at the Post Office, Vancouver, and at this Department.

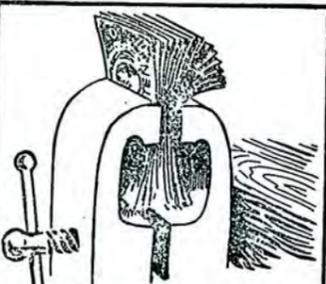

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

## Banquet in Baptist Church

Thursday evening, September 29, was the occasion of a complimentary banquet, being given by the Ladies' Aid society of the Baptist church to the men who had been invited to consider the advisability of organizing a Baraca Bible class. After justice had been done to the excellent repast provided by the ladies, E. C. Henniger, the chairman for the evening, introduced those who took part in the program. Addresses were given by Wm. Frakes, J. C. Taylor and H. W. Wright, and music provided by B. R. Allen, J. W. Rutherford, W. Farmer and F. J. Miller.

Sunday, October 2, a meeting was called to effect the necessary organization, when it was decided to hold the charter members list open till the end of the current year. Temporary officers were appointed for the next three months as follows: President, W. Frakes; secretary, Hugh Mills; treasurer, S. K. McArthur; teacher, H. W. Wright; captains of sides to solicit new members, L. A. Snyder, E. Mills, S. K. McArthur. The class will meet next Sunday in the Baptist church at 12:30 o'clock, when any man will be accorded a cordial welcome.

J. J. Bell, the Danville merchant, was in the city on Wednesday.

## THE COPPER HANDBOOK

New Edition Issued Nov. 15, 1906.) Is a dozen books in one, covering the history, geography, geology, chemistry, mineralogy, metallurgy, terminology, uses, statistics and finances of copper. It is a practical book, useful to all and necessary to most men engaged in any branch of the copper industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man. It gives the plain facts in plain English without fear or favor.

It lists and describes 4636 copper mines and companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

### World's Standard Reference Book on Copper

The mining man needs the book for the facts it gives him about mines, mining and the metal.

The investor needs the book for the facts it gives him about mining, mining investments and copper statistics. Hundreds of swindling companies are exposed in plain English.

Price is \$5 in Buckram with gilt top; \$7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its name on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifles with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

## THE RACES

The races at the driving park on Wednesday afternoon were the best ever seen on the local track. All the events were keenly contested. The track was in first-class condition and the attendance was large.

Green trot or pace, 1/2 mile heats, 2 in 3—First prize, \$60; second, \$25. Dr. Kingston's Dan Patch took first money by winning the first and third heats, Ballew's Boright taking the second heat and second prize.

Free for all trot or pace, 1 mile heats, 2 in 3—First prize, \$100; second, \$50. There were only two entries in this race, which was one of the most exciting ever seen here. A single blanket would have covered the two horses during the three heats around the track. Ed Davis' Lac Ar sta won the first and third heats, the Miday horse coming in first under the wire in the second heat.

Pony race, 1/4 mile dash, 14 1/2 hands and under—Prize, \$10. Won by Madge W.

Gentlemen's driving race—Prize, \$15. Won by Buck.

Free-for-all running race, 1/2 mile—First prize, \$75; second, \$25. Actress first, Nankipoo second.

Free-for-all running race, 1/2 mile—Won by Pinto.

Slow horse race—First prize, \$2.50; second, \$1.00. White first, Pink second.

Pony race, 14 hands and under, 1/4 mile—Madge W. won  
Indian race, 1/4 mile—Bay first, Grey second.  
Cowboy race, 300 yards and turn—Won by Niger.  
Best turnout—Doudle, city team; single, S. Davis.

Judges—Dr. Paxton of Midway, W. R. Williams of Phoenix, and Neil McCallum and A. B. Hood of Grand Forks.

## NERVOUS PROSTRATION

### Indigestion Causes It—Mi-o-na Will Cure It

If you have indigestion, you don't get all the nutriment out of your food you should.

Your worn out stomach passes the food on without extracting enough nutritious substance to supply the blood and nerves.

And if the nerves are not supplied with nourishment, they begin to rebel. They kick up a great disturbance.

They make you irritable and cranky, you worry about trifles, and you cannot sleep soundly at night, you have bad dreams, and you get up tired in the morning.

Try Mi-o-na tablets, the money back cure. Mi-o-na will cure your nervousness by driving out the cause. Mi-o-na will give you relief the first hour. It will cure acute cases in a few days, and chronic cases in a few weeks.

Belching of gas, heartburn, sour taste of food, waterbrash, foul breath and other dyspeptic systems vanish before the mighty power of Mi-o-na.

Try Mi-o-na. Woodland & Co. sell it and will refund your money if it doesn't cure, and only 50 cents a large box.

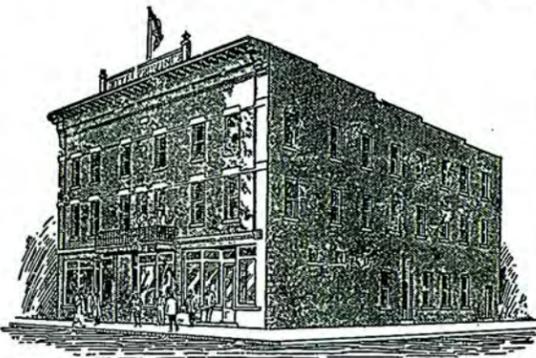

**HYOMEI**  
(PRONOUNCED HIGH-O-ME)

## The Oliver Typewriter for 17 Cents a Day!

Please read the headline over again. Then its tremendous significance will dawn upon you. An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—yours for 17 cents a day!

The typewriter whose conquest of the commercial world is a matter of history—yours for 17 cents a day! The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all

Yours for 17 Cents a Day!

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded. The demand comes from people of all classes, all ages, all occupations. The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

## The OLIVER Typewriter

The Standard Visible Writer

The Oliver Typewriter is a money-maker right from the word "go!" So easy to run that beginners soon get in the "expert" class. Earn as you learn. Let the machine pay the 17 cents a day—and all above that is yours.

Wherever you are, there is work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

**An Oliver Typewriter in Every Home!**

That is the battle cry today. We have made the Oliver supreme in usefulness and absolutely indispensable in business. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver offer?
